

GOVERNMENT OF INDIA DIRECTORATE GENERAL OF CIVIL AVIATION DRONE DIRECTORATE

TYPE CERTIFICATE

No.: T08240000024

This certificate, issued to *M/s VAMA SKYLIGHT LLP* certifies that the Unmanned Aircraft System

"TH16L"

its technical specifications and operating limitations for which are contained in Datasheet No **T08240000024** dated **8th August, 2024** is of proper design, material, specification, construction and performance for safe operation based on the recommendation of **SGS India Private Limited** as required by the Certification Scheme for Unmanned Aircraft Systems notified by the Ministry of Civil Aviation vide S.O. 347(E) dated the 26th of January, 2022.

This Type Certificate is issued under the provision of Rule 8 and Rule 9 (3) of the Drone Rules 2021.

This certificate shall remain valid until suspended or cancelled.

Date: 8th August, 2024 Director General of Civil Aviation

Technical Specifications Of M/S VAMA SKYLIGHT LLP's UAS Model TH16L

Address NEAR TULJA BHAVANI MAA MANDIR SHOP Now the state of the sta		1/11/1 0/0// 10/JET LED	
1, SHRENIL APT SAI BABA ROAD THITAL VALSAD GUJARAT, Valsad, GUJARAT, 396001, INDIA UAS Model Name TH16L Description TH16L Is a Medium Class Hexa-copter RPAS UAS Having A Tank Of Filling Capacity Of 16L F Agrochemical Spraying with Teejet Sprayer UAS Details Category/Sub-Category Rotorcraft (RPAS) Class MEDIUM Maximum all-up-weight(including payload) in kg Overall dimensions (I x b x h) in mm 2234.0 x 2463.0 x 630.0 Payload Details Details of each Compatible Payload (including Manufacturer Name, Payload Specifications with Model No., Intended Applications) Variable Load/Consumables (Like fluid etc., if any) Sprayer payload :-16Ltrs Liquid for spraying Power plant Details Engine details (Manufacturer details, Model No.) RA, NA Engine/Motor Hobbywing X8 BLDC Motor Power Rating 3134.9 watts No. of Engines/ Motors Total fuel capacity (kg)/ Battery capacity (mAh) Propeller details (Diameter, Max RPM) Diameter - 30 inches, Pitch - 9, Max RPM - 36	Manufacturer Name	VAMA SKYLIGHT LLP	
Description TH16L Is a Medium Class Hexa-copter RPAS UAS Having A Tank Of Filling Capacity Of 16L F Agrochemical Spraying with Teejet Sprayer UAS Details Category/Sub-Category Rotorcraft (RPAS) Class MEDIUM Maximum all-up-weight(including payload) in kg Overall dimensions (I x b x h) in mm 2234.0 x 2463.0 x 630.0 Payload Details Details of each Compatible Payload (including Manufacturer Name, Payload Specifications with Model No., Intended Applications) Variable Load/Consumables (Like fluid etc., if any) Sprayer with tank having maximum 16L Liquid filling Capacity Sprayer with tank having maximum 16L Liquid filling Capacity Sprayer payload :-16Ltrs Liquid for spraying Power plant Details Engine details (Manufacturer details, Model No.) RA, NA Engine/Motor Hobbywing X8 BLDC Motor Power Rating 3134.9 watts No. of Engines/ Motors Total fuel capacity (kg)/ Battery capacity (mAh) Propeller details (Diameter, Max RPM) Diameter - 30 inches , Pitch - 9 , Max RPM - 36	Address	VALSAD GUJARAT , Valsad , GUJARAT ,

Intended Applications	
Intended Applications	Agrochemical spraying for Agriculture purpose

Datasheet No.: T08240000024 dated: 8th August, 2024

Limitations & Conditions to VAMA SKYLIGHT LLP for manufacturing of UAS Model TH16L

- 1.M/ s. Vama Skylight LLP, Valsad, Gujarat, henceforth referred as manufacturer in this documents shall comply with the applicable Rules, Regulations & Requirements issued from time to time. The manufacturer shall comply with mandatory safety features (if any) as and when mandated by Ministry of Civil Aviation/DGCA.
- 2. Design documents and manuals submitted shall be frozen and controlled. Any changes effecting to the Type Certificate/ Datasheet, the manufacturer shall approach through Authorised

Testing Entity for up-dation of the Type Certificate/ Data Sheet issued there under.

- 3. Manufacture shall be responsible for all UAS Model "TH16L" produced by them conforms to this type certificate & datasheet and shall issue a certificate of conformity for each UAS produced.
- 4. Manufacturer shall ensure that their UAS is not tampered at the time of sale and also at the time of maintenance. Manufacturer shall monitor the same and notified to DGCA as and when required.
- 5. Manufacturer shall maintain list of their vendors, bill of materials, inventory of UAS including buyer details with configurations sold to them etc. and access to the same shall be provided to

provided to DGCA during surveillance and as & when requested for. It shall be the responsibility of the manufacturer to ensure that their UAS are sold to bonafide customers.

- 6. Manufacturer shall ensure that operations is restricted to Visual Line of Sight, for day operations only and within the operations/ performance limitations specified in the frozen manuals.
- 7. Manufacturer shall affix fireproof plate for indicating UIN, Manufacturer's name, model no. and serial no. in all the UAS manufactured before it is transferred to the buyer.
- 8. Manufacturer shall intimate DGCA about any violations, defects, faults, malfunctions, incidents and accidents involving the subject UAS model quarterly and as when sought for.
- 9. UAS model "TH16L" can be used for intended applications only. Manufacturer shall ensure that the drone is flown away (30m) from uninvolved people and not flown over the crowd/uninvolved people. The manufacturer shall be responsible for enduring applicable conditions and educate end users accordingly.
- 10. Manufacturer shall be responsible for rights related to design and development of the UAS model "**TH16L**" and DGCA shall not be party to any dispute arising due to proprietary right issues.
- 11. Manufacturer shall abide by the IT Act 2000 and any subsequent revision.
- 12. In case of violation of any of the above mentioned conditions and/ or operating requirements & restrictions specified in this Type Certificate, penal action shall be initiated in line with the

Drone Rules, 2021 and other Rules/ Regulations issued from time to time.
